

* Assignment - 4 *

Q1] Explain meaning of impact factor. How to calculate impact factor of any journal. What is standard range of impact factor you observed for journals belonging to your discipline.

-
- Metric indicating avg. no. of citations received by articles published in journal within specific time period.
 - Reflects journal's influence & credibility in its field.

$$\text{Impact Factor} = \frac{\text{Citations in year } x \text{ to articles published in years } (x-1, x-2)}{\text{Total articles published in years } (x-1, x-2)}$$

Eg:-

$$2023 \text{ IF} = (\text{Citations in 2023 to articles published in 2021 \& 2022}) \div (\text{Articles published in 2021 \& 2022})$$

Q2] Define following examples

a) h-index:-

- Measures researcher's productivity ^{have} & citation impact.
- Eg:- h-index = 10 means 10 papers, at least 10 citations each.

b) i10 - Index:-

- Counts no. of researchers papers with at least 10 citations.
- Eg:- i10 - Index = 15 means 15 papers have 10+ citations each.

c) Citation:-

- Refers to when one research papers with at least 10 citations.

- Eg:-

- Refers to when one research paper references another.

- Eg:- paper citing "Smith et al., 2021" in its references.

d) Quartile Journals:-

- Journal ranked into 4 categories (Q1, Q2, Q3, Q4) based on impact factor within their field.

- Eg:- Q1 journals are top 25%, like Nature.

Q3] Explain Journal processing steps from call of paper to publications.

→

1) Call of Papers:-

Announcement inviting submissions, specifying guidelines & deadlines.

2) Submission:-

Authors submit manuscripts through online systems.

3) Initial screening:-

Editors check for scope, format & plagiarism.

4) Peer review:-

Experts evaluate manuscript for quality, originality & relevance.

5) Decision:-

Manuscript are accepted, rejected, or returned.

6) Revision & resubmission:-

Authors revise & resubmit as required.

7) Publication:-

Accepted papers are formatted & published online or in print.

Q4] What is Plagiarism? Enlist different software available for plagiarism.

→

Using someone else's work, ideas, or content without proper credit, presenting it as your own.

Softwares:-

1) Turnitin.

2) Grammarly Premium.

3) iThenticate.

4) Plagscan.

5) Copyscape.

6) Quetext.

7) Urkund.

Q5] Explain different standards of writing references of journal with examples.

→

1) APA (American Psychological Association):-

- common in Social Sciences.

- Eg:- Author(s). (Year). Title Journal Name, Volume (Issue), Pages.

Smith, J. (2020). Climate change impacts. Environmental Studies, 45(2), 123-135.

2) MLA (Modern Language Association) :-

- Used in humanities.

- Eg:- Author(s). "Title." Journal Name, Volume, Issue, Year, Pages.

Smith, John. "Climate change impacts."
Environmental Studies, vol. 45, no. 2, 2020,
pp. 123-135.

3) IEEE (Institute of Electrical & Electronics Engineers) :-

- Used in engineering & technology.

- Eg:

[1] J. Smith, "Climate change impacts,"
Environmental Studies, vol. 45, no. 2, pp.
123-135, 2020.
